

Safety Data Sheet-Alkali Resistant Glass Fiber/Scrim

1 – PRODUCT IDENTIFICATION

Product Name: BR A/R Glass Fibers/Scrim
Product Use: Concrete reinforcement
DATE PREPARED: 5-16-2016
COMPANY: Buddy Rhodes Concrete Products
9126 Industrial Blvd Covington GA 30014
(678)729-9330
EMERGENCY PHONE: (800) 424-9300 (CHEMTREC)
International call: 703-527-3887 (collect calls accepted)

2 – HAZARDS IDENTIFICATION

Classification of the chemical in accordance with Standard 29 CFR 1910.1200 (US-GHS)

This product is an “article” according to 29 CFR 1910.1200 and European Directive 99/45/EC, 67/548/EEC and their latest amendments. Continuous filament glass fibers are not respirable according to the World Health Organization (WHO) definition, therefore do not pose a risk of serious pulmonary disease. Therefore an SDS is not legally required. The information provided is to assure safe handling of glass fiber products.

Label Elements (Hazard Communication Standard 29 CFR 1910.1200 (US-GHS))

Pictograms: none

Signal word: none

- P101 If medical advice is needed, have product container or label at hand.
P102 Keep out of reach of children.
P103 Read label before use.

3 – COMPOSITION / INFORMATION ON INGREDIENTS

Chemical names	CAS No	Concentration
Alkali Resistant Glass Fiber	65997-17-3	>=98%

Substance/Mixture: Substance

Synonym: AR Glass Fiber

4 – FIRST-AID MEASURES

Description of first aid measures

In case of inhalation: Gargle with clean water about ten times. Also, blow your nose gently. Seek medical attention if you

Safety Data Sheet-Alkali Resistant Glass Fiber/Scrim

feel some itching or irritation in the nose and/or throat.

In case of skin contact: Do not rub or scratch the affected areas. Rubbing or scratching may cause harsh itching or irritation. Rinse with running water first and then wash with warm water and soap. Bathing is an effective way

In case of eye: Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation occurs, get medical advice.

In case of ingestion: Wash mouth with water thoroughly. Seek medical attention if necessary.

Most important symptoms/effects both acute and delayed: Seek medical attention if inhaled or ingested

Indication of any immediate medical attention and special treatment needed: Treat symptomatically and supportively

5 – FIRE-FIGHTING MEASURES

Extinguishing Media: Water fog or spray, Foam, Dry Powder, Carbon Dioxide (CO₂).

Flash point: Not applicable

Auto ignition temperature: Not applicable

Specific protective equipment and procedures for firefighters: Wear self contained breathing apparatus and protective clothing

Specific chemical hazards: Glass fiber itself is not combustible. But the binders or surface treating agents on glass fiber are generally combustible and give off little hazardous by-products other than carbon monoxide, carbon dioxide and water on combustion.

6 – ACCIDENTAL RELEASE MEASURES

Environmental precautions: If necessary, wear a safety mask, safety gloves or safety goggles. If spilled on the floor, clean quietly so that dust particles will not be dispersed and put into a container or bag

Methods for cleanup: treat it same as general industrial waste.

7 – HANDLING and STORAGE

Storage: not applicable

Handling: Avoid inhalation or contact with the eye or skin. If necessary, use gloves, safety glasses (preferably goggles) and dust mask (approved by the government authorities: replaceable/one-way).

Glass fiber is readily charged with static electricity. Static electricity can damage electronic components and cause explosions and fires. Take measures to prevent the build up of electrostatic charge.

8 – EXPOSURE CONTROLS / PERSONAL PROTECTION

Occupational exposure limits

Japan Society for Occupational Health (2004 - 2005); 2mg/m³ (Inhalable dust: recommendation), 8mg/m³ (Total dust: recommendation)

- OSHA; 15mg/m³ TWA (total dust), 5mg/m³ TWA (inhalable dust)

- ACGIH; 1 fiber/cm³ TWA (respirable fraction)

Appropriate engineering controls: If needed use local exhaust ventilation to keep dust concentration below limits cited in this Section.

Personal Protective Equipment

Respiratory Protection: Dust mask required in dusty environments or exceeding total dust limits

Eye/Face protection: Wear appropriate chemical safety glasses/goggles.

Hand/Skin Protection: Wear appropriate protective gloves and clothing.

General Hygiene Considerations: Do not eat, drink or smoke when using this product. Wash hands thoroughly after handling.

Safety Data Sheet-Alkali Resistant Glass Fiber/Scrim

9 – PHYSICAL / CHEMICAL PROPERTIES

Appearance: White glass fiber aggregate,
Physical State: solid
Color: white
Odor: Odorless
pH: Not applicable
Melting Point: >800°C softening point
Boiling Point: NA
Flash point: Not applicable
Flammability (solid,gas): Not flammable
Explosive Properties: Not explosive
Vapor Pressure: Not applicable
Vapor Density (AIR=1): Not applicable
Density: 2.8g/cm³
Solubility in water: Insoluble
Partition Coefficient (n-octanol/water): NOT APPLICABLE
Auto-ignition temperature: Not applicable
Viscosity: Not applicable

10 – STABILITY and REACTIVITY

Reactivity: No hazardous reaction known under normal conditions of use
Chemical Stability: Stable under normal conditions
Hazardous Reactions: Stable under normal conditions
Conditions to avoid: dust generation
Incompatible materials: no known incompatible materials
Hazardous Decomposition.: na

11 – TOXICOLOGICAL INFORMATION

Acute Toxicity: None
Acute Oral Toxicity: NA
Acute Inhalation Toxicity: Based on available data the classification criteria are not met
Chronic Toxicity: Based on available data, the classification criteria are not met
Irritation: may irritate eyes, skin, and respiratory tract
Sensitization: Non-sensitizing
Mutagenicity: Non-mutagenic
Carcinogenicity: This product contains no known or potential carcinogens
Reproductive toxicity: No known significant effects or critical hazards on reproduction.
Aspiration hazard: Not applicable

12 – ECOLOGICAL INFORMATION

Ecotoxicity: Not expected to be harmful to aquatic organisms
Persistence and degradability: Not applicable
Bioaccumulative potential: The product does not contain any substances expected to be bioaccumulating.

Safety Data Sheet-Alkali Resistant Glass Fiber/Scrim

Mobility in soil: Not applicable

Results of PBT and vPvB assessment: The substance does not meet the criteria to be identified as PBT or vPvB

13 –DISPOSAL CONSIDERATIONS

Disposal considerations: Dispose in a safe manner in accordance with local / state / Federal regulations. Avoid release to the environment.

It is responsibility of the waste generator to determine the toxicity and physical properties of the material generated to determine the proper waste identification and disposal method in compliance with applicable regulations.

14 – TRANSPORTATION INFORMATION

DOT: Not regulated, not dangerous good.

Transport by sea (IMO / IMDG): Not regulated. Not dangerous good

Air transport (ICAO/ IATA): Not regulated. Not dangerous good

15 - REGULATIONS

Contents of this SDS comply with the OSHA Hazard Communication Standard 29CFR 1910.1200

EPA SRA Title III Chemical Listings:

US Federal Regulations

TSCA Status: all components are listed or exempted

SECTION 302: None

SECTION 312

Acute: None

Chronic: None

Fire: None

Pressure: none

Reactive: None

SARA 313: none

Clean Water Act: not applicable

FDA: NA

US State Regulations

Does not appear on any RTK lists

International regulations

Continuous glass fiber is not classified as a “Dangerous Substance” or “Dangerous Preparation” according to EU-Directives 67/548/EEC, 1999/45/EC and amendments.

Continuous glass fiber complies with all other national or local regulations regarding the use, transport, recycling, reuse, or disposal.

Glass fiber is considered an article and is exempted from requirements of TSCA, REACH, EINECS,

Safety Data Sheet-Alkali Resistant Glass Fiber/Scrim

DSL, AICS, KECL and so on.

Existing registration of chemical substances in the major countries

- Registration, Evaluation, Authorization and Restriction of Chemicals (REACH regulation in the EU)

EINECS No. Not applicable

CAS No. Not applicable

- European Inventory of Existing Commercial Chemical Substances

EINECS No. 266-046-0

16 – OTHER INFORMATION

Additional Information: This Safety Data Sheet complies with OSHA Hazard Communication Standard 29 CFR 1910.1200 (HCS-2012) and its adaptation of United Nations 'Globally Harmonized System of Classification and Labeling of Chemicals (GHS).

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.

DISCLAIMER OF LIABILITY: The information in this SDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product. This SDS was prepared and is to be used only for this product. If the product is used as a component in another product, this SDS information may not be applicable.
